

# Order Decimals

1. Complete the ascending number line below using an appropriate decimal number. Write all the numbers as decimals.

2. Order the heights of the aliens below in descending order.

Alien heights (from left to right):

- 5.04cm
- 9.82cm
- 1.76cm
- 6.07cm
- 2.6cm
- 0.85cm

3. Kim has been ordering the heights of her friends. Is Kim correct? Explain your answer.

Children and their heights (from left to right):

- Lilian: 1.01m
- Adnan: 121cm
- Harry: 1.32m
- Jerry: 1.08m
- Amirah: 1.39m
- Nick: 140cm

Ordering:  $1.01\text{m} < 121\text{cm} < 1.32\text{m} < 1.08\text{m} < 1.39\text{m} < 140\text{cm}$
